

# ***Instrumentation***

Attractive instrumentation on a motorbike, what Guzzi enthusiast could resist?  
The question is, whether they are fully operational and indicate speed and distance correctly!

**ESCHER have introduced a service and will overhaul instrumentation on your Italian dream machine.**

**Regardless of the problem -we'll take care of it!**

If it cannot be repaired, for whatever reason, the support team at Escher's will seek a replacement for you.

**Contact us for further information, or just send us your defect instruments.**
